Contents

Non-Technical Summary  

1 Introduction  
1.1 Project Background and Justification  
1.2 Outline description of the project components  
1.3 Regulatory Framework  

2 The Promoter, Professional Team, Project Stakeholders  
2.1 The Promoter  
2.2 The Project Team  
2.3 Informative Meetings  
2.4 Schedule of Implementation  

3 Baseline Environment  
3.1 Site Description  
3.2 Marine Environment  

4 Project Description  
4.1 Description of the Works  
4.2 Balance of Material  
4.3 Works methodology  
4.4 Setbacks of existing buildings from high water marks  

5 Assessment of Impacts and Mitigating Measures  
5.1 Generic Significance Criteria  
5.2 Potential Direct Impacts during the Construction and Post construction Phases  

6 Environmental Monitoring Plan  
6.1 Construction Stage Environmental Monitoring Plan  
6.2 Environmental Monitoring Plan after completion of the Rehabilitation Works  

7 Conclusion  

Appendices  
Appendix A  
Certificate of Incorporation
Appendix B
Title Deed

Appendix C
Cadastral Land Surveyor Report

Appendix D
Drawings

Appendix E
Marine Biota Survey

Appendix F
A Beach Erosion Solution Report

Appendix G
Correspondences with Authorities
