Proposed Subdivision of Land at Flic en Flac
Black River District- Creek Estate

Table of Contents

Executive Summary i-vii

Chapter

4.0 Project Background 1-5
  1.1 Brief Description of Developer
  1.2 Experience with Morcellement Development
  1.3 Project Justification
  1.4 Team Members
  1.5 Proposed Project Planning
  1.6 Proponent Details
  1.7 EIA Consultant Details

2.0 Legal Framework and Planning Considerations 6-13
  2.1 Planning Framework
  2.2 Planning Policy Guidance and Design Concept
  2.3 The Development Context
    2.3.1 Location
    2.3.2 The Need for the Morcellement
    2.3.3 Housing Need
    2.3.4 The Morcellement Design
    2.3.5 The Road Network
    2.3.6 Landscaping and Public Open Spaces

3.0 Project Description 14-29
  3.1 Site Ownership
  3.2 Site Zonation/Land Conversion
  3.3 Details of Plots
  3.4 Project Components
  3.5 Site Description and Site Characteristics
  3.6 Site Topography
  3.7 Geology and Soil Characteristics
  3.8 Climatic Conditions and Hydrology

Coastal Specialists Ltd. 27th Nov 2012
Proposed Subdivision of Land at Flic en Flac
Black River District- Creek Estate

3.9 Coastal Features
3.10 Site Preparation for Implementation
  3.10.1 Method
3.11 Infrastructure Development
  3.11.1 Access Road into the Morcellement
  3.11.2 Storm water Drains Network
  3.11.3 Green Areas
    3.11.3.1 List of Proposed Trees for Landscaping
  3.11.4 Domestic Waste Water
3.12 Solid Waste Production and Disposal
3.13 Utilities Requirement
  3.13.1 CWA
  3.13.2 Telecom

4.0 Identification, Prediction of Impact and Impact Mitigating Measures

4.1 Environmental Impacts
  4.1.1 Destruction of Vegetation and Habitat
  4.1.2 Impact Mitigating Measures
4.2 Potential Impact from Land Erosion
  4.2.1 Mitigating Measures
4.3 Potential Impact from Sewage Pollution
  4.3.1 Impact Mitigating Measures
4.4 Impact from Solid Waste
  4.4.1 Impact Mitigating Measures
4.5 Impact from Noise and Dust
  4.5.1 Impact Mitigating Measures
4.6 Traffic Implications
  4.6.1 Impact Mitigating Measures
4.7 Impact from Storm Water
  4.7.1 Impact Mitigating Measures
4.8 Impact from Fire Hazards
  4.8.1 Impact Mitigating Measures
Proposed Subdivision of Land at Flic en Flac
Black River District- Creek Estate

4.9 Socio-Economic Impact

5.0 Environment Monitoring Plan

5.1 Activities at Implementation Stage

5.1.1 Zoning and Preparation of Site

5.1.2 Materials

5.1.3 Machinery and Stocking of Fuel

5.1.4 Waste Management

5.1.5 Management of Site during Implementation

5.1.6 Log Book and Reports

5.2 Proposed EIA Process, Works Schedule & Monitoring

6.0 Conclusion
