Objective	Action	Indicator and Targets	Responsible / Institution	Timeline	Allocated Budget (US$)
Mitigation Action 1:					
→ **Increase penetration of energy efficient appliances in households**					
Gender Objective 1: *Example: Increase knowledge of EE appliances among households targeting men, women and youth*	Action 1.1. Carry out awareness raising of households on the benefits of EE, including on how to use lifecycle assessments to make buying decisions	Baseline: XXXXX (2020) Indicator: *# of households targeted, differentiated by gender* Target: XXXXXXXX (2025), YYYYYY (2030).	EEMO	Year X, Q1 – Year 2, Q2	XXXXXXX
	Action 1.2. Develop tools to calculate the socio-economic and environmental benefits of EE appliances, and carry out clinics to train use by households .	Baseline: XXXXX (2020) Indicator: *# of households targeted, differentiated by gender* Target: XXXXXXXX (2025), YYYYYY (2030).		Year X, Q1 – Year 2, Q2	XXXXXXX
Gender Objective 2:					
Mitigation Action 2:					
→ **Displacing N-based chemical fertilizers with organic manure**					
Gender Objective 1: *Example: Train small-scale farmers in the use of organic fertilizers as a substitute for chemical fertilizers, as well as alternative natural soil nourishing techniques*	Action 1.1. Carry out in-field training on the use of organic fertilizers	Baseline: 0 Indicator: Number of persons trained, differentiated by gender Target: at least XX% of all small scale farmers (in equivalent number of persons by 2025); a100% of all small scale farmers (in equivalent number of persons by 2030)	FAREI	Year X, Q1 – Year Y, Q4	XXXXXXX
Gender Objective 2: *Example: Develop financial instruments to increase the use of biogas digesters as an environmentally-sound alternative to managing animal excrement*	Action 1.1. Train livestock farmers to access financial instruments	Baseline: 0 Indicator: Number of persons trained, differentiated by gender Target: XX persons (at least 20% women entrepreneurs)	FAREI, development bank, small planters' association	Year X, Q1 – Year Y, Q4	
	Action 1.2. Train technical staff in the design and building of biodigesters	Baseline: 0 Indicator: Number of persons trained Target: XX persons (at least 40% women)		Year X, Q1 – Year Y, Q4
