

Name of Support	Objective of Support	Status	Sector	Q2 Updates	Q4 Updates	Lead Government Agency(ies)	Implementing Partner(s)	Funding Entity(ies)	Matchmaking mechanism	Budget	Estimated End Date	Knook Request Code	Facilitator/Support Unit Role in Mobilizing Support	Notes
Development of NDC 3.0 Investment Plan and Resource Mobilization Strategy	Design a Government endorsed, implementation and investment grade Climate Investment Plan,	Ongoing	Cross-cutting	Project started in February 2026 with data collection which is nearing completion. An online platform is being developed to be used as a planning tool	NA	Ministry of Environment, Solid Waste Management and Climate Change - Department of Climate Change	World Bank	World Bank	RSL	USD 70,000	30/06/2026	R2342	Support Unit assisted the Department of Climate Change in formulating the RSLs	
Development of NDC 3.0 Implementation Plan and integration in the MRV system										USD 70,000	30/06/2026	R2343		
Development of Mauritius' NDC 3.0 (2025-2035)	Conduct stakeholder consultations to revise the NDC 3.0 Draft a revised NDC 3.0 and definition of the overarching economy-wide vision and objectives in terms of mitigation, adaptation and resilience, and climate finance for 2030 and 2035	Ongoing	Cross-cutting	A country mission took place in May 2026 to kick start the data collection process.	NA	Ministry of Environment, Solid Waste Management and Climate Change - Department of Climate Change	UNEP-CCC	PAF	RSL	USD 150,000	30 Seotenber 2026	R2341	Support Unit assisted the Department of Climate Change in formulating the RSLs	
Fourth National Communication and the Second Biennial Transparency Report for the Republic of Mauritius	Draft the Fourth National Communication and second Biennial Transparency Reort in accordance with Article 12 and Article 13 of the Paris Agreement.	Ongoing	Cross-cutting	The bidding process of r the recruitment of a National Project Coordinator has been initiated.	NA	Ministry of Environment, Solid Wasste Management and Climate Change - Department of Climate Chang	UNEP	GEF	Other	USD 300,000	300 June 2029	NA	NA	GEF Enabling Activity supported by UNEP umbrella project
Strengthening the national greenhouse gas inventory of the Republic of Mauritius to improve climate reporting and transparency". The project is commonly referred to as the Capacity Building Initiative for Transparency (CBIT) project	Improve the quality of the National GHG inventory Strengthen institutional arrangements for data collection, storage and dissemination process to improve reporting and transparency	Ongoing	Cross-cutting	A more accurate Tier 2 Emission Factor for electricy generation has been calculated Development of Tier 2 Emission Factors for the transport, energy use, livestock and forest sector is on-going.	NA	Ministry of Environment, Solid Wasste Management and Climate Change - Department of Climate Chang	UNDP	GEF	Other	USD 1,269,850	30/11/2026	NA	NA	Funding mobilised under the GEF-7 funding cycle under the special funding window (Capacity Building Initiative for Transparency
Development of a National Carbon Market Framework and Regulations	Establish institutional arrangements for Article 6 participation Develop regulations for carbon market trading and establish procedures for project approval and and authorisation of mitigation outcomes Set up a national carbon registry in line UNFCCC requirements Develop safeguards to prevent double counting Create a regularoty oversight mechanism to ensure environmental integrity, transparency and alignment with national priorities Enhance institutional capacity and develop capacity building program on Article 6 and implementation of the carbon framework	Ongoing	Cross-cutting	Recruitment of a project coordinator initiated MoU in the process of being finalised for signature	NA	Ministry of Environment, Solid Wasste Management and Climate Change - Department of Climate Chang	Institut de la Francophonie pour le Développement Durable (IFDD)	Organisation Internationale de la Francophonie (OIF)	Other	EUR 33,440	30/06/27	NA	NA	
An Integrated Carbon Pricing and Carbon Market Framework for Mauritius	Establish a clear policy and mitigation baseline by conducting a systematic review of NDC 3.0 Map implemented and planned policy instruments against intended targets Developing a sectoral mitigation map to provide systematic, data-driven assessments of emission profiles and abatement opportunities Develop a market opportunity map to transform sectoral mitigation opportunities to bankable assessments and carbon market opportunities Capacity building to strengthen national institutions for effective participation in carbon pricing instruments and carbon markets	Planned	Cross-cutting	Concept finalised - Detailed project activities being designed	NA	Ministry of Environment, Solid Wasste Management and Climate Change - Department of Climate Chang	RCC	CIACA	Other	TBD	31/07/20274	NA	NA	
National Adaptation Plan (NAP)	Conduct integrated science-based adaptation planning Easier access to international funding to implement adaptation action Mobilise private sector investment in adaptation measures.	Ongoing	Cross-cutting	Recruitment of the national project coordinator and project assistant has been completed	NA	Ministry of Environment, Solid Wasste Management and Climate Change - Department of Climate Chang	Indian Ocean Commission (IOC)	GCF	Other	USD 1,885,105	31/08/2028	NA	NA	National Adaptation Plans for the following sectors will be developed: Agriculture, Fisheries, Building, Oceans and Coast, Tourism and Water
Ensuring a sustainable and climate resilient water supply in the Northern part of Mauritius	Assessment of the Northern Aquifer groundwater potential to mobilize additional resources for domestic, irrigation, and industrial use in Mauritius. Develop a ground water model of the Northern Aquifer.	Ongoing	Water	Data Validation Workshop held in May 2026	NA	Ministry of Energy and Public Utilitiels	UNESCO	CDRI	Other	USD 371,685	31/12/2025	NA	NA	Is part of the Infrastructure for Resilient Island States (IRIS) initiative
Urban nature-based solutions in Mauritius	Implement support systems for groundwater management and sustainability. Analyse existitng experiences on implementation of NbS in the urban context Develop NbS implementation plans and Business Models for Ruisseau du Pouce, Signal Mountain, Champ de Mars and Grand Sable Capacity building and training of local stakeholders	Ongoing	Other	Country mission completed in March 2026	NA	Ministry of Environment, Solid Wasste Management and Climate Change - Department of Climate Chang	UNEP-CCC	DANIDA	Other	USD 50,000 0	30/06/2026	NA	NA	
Mainstreaming Nature-based Solutions in land-use systems for productive and resilient ecosystems	Integration of natural capital in national accounting systems Operationalise a national carbon trading system Increase the area of landscape/land and ecosystem (including forests and mangroves) restored and under improved management practice Develop innovative options for ecosystemm service management	Ongoing	Cross-cutting	Process for finalising the request for the first disbursement of funds being finalised.	NA	Ministry of Agro-Industry, Food Security, Blue Economy and Fisheries.	FAO	GEF	Other	USD 8,406,484	31/12/2029	NA	NA	Funded unded under the GEF-8 funding cycle and under the country's STAR allocation Focal area: Biodiveristty, Land Degradation and Climate Change
Restoring marine ecosystem services by restoring coral reefs to meet a changing climate future	Develop sustainable partnerships with communities through training of community members to establish coral nurseries, development of financial and economic strategies for coral farming, and signing partnership agreements. Establishing lad based and sea based coral farming and nurseries by identifying resilient and genetically diversified coral species and donor sites with locally threatened species; Improving the health of degraded reefs through active restoration and moniroting.	Ongoing	Oceans and coasts	Continuation of coral reef restoration in Mauritius and Rodrigues by engaging the community. Knowledge sharing of lessons learned from Mauritius and Seychelles shared with Indian Ocean States Preparation on-going for participation in an international conference which will be held in New Zealand.	NA	Mauritius Oceananographic Institute	UNDP	Adaptation Fund Board	Other	USD 5,00,000	31/12/2027	NA	NA	Joint regional projects implemented together with Seychelles Total project budget: USD 10,000,000

Name of Support	Objective of Support	Status	Sector	Q2 Updates	Q4 Updates	Lead Government Agency(ies)	Implementing Partner(s)	Funding Entity(ies)	Matchmaking mechanism	Budget	Estimated End Date	Knook Request Code	Facilitator/Support Unit Role in Mobilizing Support	Notes
BIOFISH-SMART: Biodiversity and Ocean Fisheries for Integrated Stewardship and Habitat Sustainability in Mauritius	To enhance the resilience, sustainability, and biodiversity integrity of Mauritius' coastal and marine ecosystems and fisheries through integrated ecosystem restoration, inclusive marine spatial planning, and cross-sectoral policy coherence, aligned with KMGBF Targets	Planned	Oceans and coasts	PIF Approved in November 2025 and PPG phase on-going	NA	Ministry of Agro-Industry, Food Security, Blue Economy and Fisheries.	FAO	GEF	Other	USD 2543299		NA	NA	Project being funded under the GEF-8 funding cycle (GBFF Action Area 1 and 3)
Development of a shoreline management strategy for the Republic of Mauritius	Develop a shoreline management strategy for the Republic of Mauritius Develop a roadmap for implementation of the shoreline management strategy	Ongoing	Oceans and coasts	Draft Terms of Reference to retain the services of a consultancy firm for the development of shoreline management strategy has been prepared.	NA	Ministry of Environment, Solid Waste Management and Climate (ICZM Division)	AFD/EU	AFD/EU		EUR 4,200,000		NA	NA	Project is jointly implemented by AFD, EU and the Government of Mauritius. Breakdown of funding: AFD - EUR 300,000 EU: EUR 2,000,000 Climate and Sustainability Fund (Govt of Mauritius): EUR 1,900,000
Accelerating the transition to a net-zero, nature-positive economy in Mauritius	Development of gender-responsive cross-sectoral net-zero nature positive strategies and investment plans Development of national budget tolls aligned with net zero nature positive goals Enhanced national monitoring system to track net zero nature positive indicators Capacity building on net zero nature positive terminology	Ongoing	Cross-cutting	Project Management Unit has been set up The first project steering committee has been held. Inception Workshop was held on 25 May 2026	NA	Ministry of Industrial Development, SMEs and Cooperatives	UNEP	GEF	Other	USD 3,286,913	31/12/2029	NA	NA	Funded unded under the GEF-8 funding cycle and under the country's STAR allocation Is part of a Global project Focat area: Biodiverristy, Land Degradation and Climate Change
Promoting Low-carbon Electric Public Bus Transport in Mauritius	Supporting the manufacturing sector to develop net zero nature positive aligned business plands and financial models Conducting material and energy audits Development of a masterplan, policies and regulations for low-carbon and electric public transport Procurement of 60 electric buses and 15 solar charging stations Sensitisation and awareness raising on low-carbon mobility	Ongoing	Transport	Project Steering Committee and three Working Groups have been set up. ToR for the development of a 20 year Integrated land transport masterplan is being finalised.	NA	Ministry of Land Transport	UNDP	GEF	Other	USD 5,600,607	31/12/2028	NA	In-Country Facilitator has been nominated by the Department of Climate Change to assist the Department, which is part of the Working Group on Policy and Planning.	Funded under the GEF-7 funding cycle and is under the country's STAR allocation. Possible collaboration with AFD8 for implementing a technical assistance initiative titled "Integrated Urban Mobility and Municipal Finance for Sustainable Cities in Mauritius".
Realising Energy Savings and Climate Benefits of Implementing Mandatory Energy Auditing in the Republic of Mauritius	Formulation of plans and policies for the implementation of energy efficiency regulations 60% of energy audit recommendation implemented by 2030 Training of 170 people (33% of women) in the following fields: energy auditors, energy manager, energy management auditor and measurement and verification specialists in energy efficiency. ISO 50001 based energy management systems in place in 40% of the 650 large energy consumers. 55 private sector entities (including large energy consumers and SMEs) have implemented energy efficiency upgrades USD 30 million mobilised for implementation of energy efficiency measures, including conducting pre-audits, audits, feasibility assessments, among others Energy efficiency awareness raising with 40 MSMEs, including 10 which are women-owned	Ongoing	Energy	Project approved by GEF in August 2025 and Project document has been signed in March 2026.	NA	Ministry of Energy and Public Utilities - Energy Efficiency Management Office	UNDP	GEF	Other	USD 4,532,164	20/01/2031	NA	NA	Funded under the GEF-6 funding cycle and is under the country's STAR allocation.
Accelerating the transformational shift to a low-carbon economy in the Republic of Mauritius	18 MW of utility-scale Battery Energy Storage System installed Management Information System for MARENA and Utility Regulatory Authority developed and operational National Grid Code for the electricity market finalized Standards for Renewable Energy Technology and Regulations for Accreditation Mechanism for RE operators developed Distribution of rooftop solar PV kits to more than 2,000 households (including 100 in Rodrigues). Feasibility study for setting up of a floating solar PV farm at Tamarin Falls completed Launching of innovative renewable energy schemes PV mini-grids on the Outer Island of Agalega	Ongoing	Energy	Continuation of installation of solar PV kits on social housing Procurement exercise for the installation of PV panels on public buildings (including schools) initiated Engagement with Central Electricity Board to advance the more to a smarter grid	NA	Ministry of Finace	UNDP	GCF	Other	USD28,210,000	07/11/2027	NA	NA	Phase 1: Supporting grid-connected, intermittent renewable energy; and, has been completed.
De-risking Facility for Energy Performance Contracting in Mauritius	Settling up of the Mauritius Energy Efficiency Guarantee Fund, which aims to implement 85 projects within the first 5½ years and 358 by the 16th year of operationMO	Planned	Energy	Final Project Propoal submitted for approval to MAF in March 2026	NA	Ministry of Energy and Public Utilities - Energy Efficiency Management Office	UNEP-CCC	Mitigation Action Facility	Other	TBC		NA	NA	UNEP-CCC undertook the Detailed Preparation of the project proposal
Advancing the agriculture, water and energy pipeline, with increased awareness of key stakeholders and strengthening capacities of the National Designated Authorities (NDA) and direct access applicants in the Republic of Mauritius	Capacity building of NDA and Focal Points for concept and project formulation for submission to the GCF. Establishing and strengthening inter-ministerial coordination mechanisms for engagement with GCF and other climate funds Supporting 5 direct access applicants through training and capacity development to close the gaps for accreditation. 8 stakeholder engaged and trained to support planning, programming and implementation of GCF funded activities. Improved information sharing.	Ongoing	Cross-cutting	Capacity building for stakeholder in Mauritius on GCF objectives and oversight of GCF activities completed in March 2026 National Climate Change Mapping Report completed in March 2026 3-day workshop for agriculture and water sector stakeholders on climate change and climate risks completed in April 2026 Coaching materials and handouts for training of trainers developed for the climate change-waterr-agriculture nexus Cost-Benefit Analysis on water analysis storage technologies for climate change adaptation in Mauritius and Rodrigues completed in April 2026 Gap Assessment for potential Direct Access Entities completed in May 2026	NA	Ministry of Agro-Industry, Food Security, Blue Economy and Fisheries.	FAO	GCF	Other	USD 749,489		NA	NA	GCF Readiness project Thematic areas: Agriculture, Water, Energy
