Communique

Online application for Completion Certificate for PER/EIA/SEA projects on the National Electronic Licensing System (NELS)

The Ministry of Environment, Solid Waste Management and Climate Change is hereby informing the public that applications for Completion Certificate in relation to projects subject to a Preliminary Environment Report (PER), Environment Impact Assessment (EIA) and Strategic Environment Assessment (SEA) Licence/Approval can **now be made online**.

Applications for Completion Certificate should be done through the NELS platform by logging on https://business.edbmauritius.org. Applications done in hard copies would be accepted only in exceptional cases up to 2 months as of the date of this Communique. After which, applications should be done solely using the NELS platform.

The public is also informed that:

- At time of online application, 2 hardcopies will have to be submitted to the Ministry.
- Applicants will be able to monitor the status of their online applications through the NELS platform.

For any further information, please contact the EIA/PER Monitoring Division of the Ministry on Tel: 203 6200, and for IT queries, please email the NELS Helpdesk at support@edbmauritius.org or call the Economic Development Board on 203 3880.
