

COMMUNIQUE

Ministry of Environment, Solid Waste Management and Climate Change (Environment and Climate Change Division)

Lagoonal Monitoring from Pointe aux Sables to Tombeau Bay

Government has taken note that a Monitoring Committee has been set up at the level of the Ministry of Environment, Solid Waste Management and Climate Change (Environment and Climate Change Division) to look into the problem of sea pollution in the region of Port Louis following the lagoonal monitoring study in respect of the quality of seawater and fish from Pointe aux Sables to Tombeau Bay.

The outcome of the lagoonal monitoring in respect of quality of seawater and fish from Pointe aux Sables to Tombeau Bay for the period January 2021 to December 2024 is available on the website of the Ministry on the following link:
