

**LIST OF CONDITIONS FOR PROPOSED REMOVAL OF LOOSE BASALTIC ROCKS
AND ADDITION OF SAND IN FRONT OF SHANTI MAURICE-A NIRA RESORT ,ST
FELIX BY SPA ON THE SHORES LTD [ENV/DOE/EIA/1678]**

1. Notwithstanding all the other permits and clearances, the approval of the Prime Minister's Office shall be obtained and a copy submitted to the Director of Environment. All conditions attached therewith shall be scrupulously observed.
2. The development shall be undertaken as per the reduced scope of works submitted on 28 September 2016 unless as otherwise advised herein.
3. A detailed programme of work shall be submitted to the Ministry of Environment, Sustainable Development and Disaster and Beach Management and the Ministry of Ocean Economy, Marine Resources, Fisheries, Shipping and Outer Islands prior to the start of works. The Department of Environment, Ministry of Environment, Sustainable Development and Disaster and Beach Management and Ministry of Ocean Economy, Marine Resources, Fisheries, Shipping and Outer Islands shall be informed in writing of the date of commencement of all the works under the EIA licence and all the works shall be carried out in the presence of officers of these two Authorities.
4. In accordance with section 18(2)(f) of the Environment Protection Act 2002, the proponent shall submit to the Director of Environment, Ministry of Environment, Sustainable Development and Disaster and Beach Management with copy to the Ministry of Ocean Economy, Marine Resources, Fisheries, Shipping and Outer Islands, an Environmental Monitoring Plan for approval prior to start of works.
5. Prior to the start of the works, all living benthic organisms encountered within the perimeter of the project site shall be carefully handpicked and transferred to safer area in the lagoon in the presence of a Fisheries Officer.
6. The Department of Environment shall be informed in writing of the date of completion of all works on site for monitoring purposes and to ensure

compliance with the conditions of the EIA licence as well as proposals submitted on 28 September 2016.

7. No embedded basaltic or coral rock shall be removed. The GPS coordinates of the loose basaltic rocks to be removed shall be submitted to the Ministry of Environment, Sustainable Development and Disaster and Beach Management with copy to the Ministry of Ocean Economy, Marine Resources, Fisheries, Shipping and Outer Islands.
8. The proponent shall monitor the state of the marine environment at the project site on a quarterly basis and submit the reports to the Ministry of Environment, Sustainable Development and Disaster and Beach Management with copy to the Ministry of Ocean Economy, Marine Resources, Fisheries, Shipping and Outer Islands. No work shall be carried out in case of bad weather conditions.
9. The excavator on track shall operate from the shore and at no point in time below the high water mark.
10. The access to the sea and the beach shall be clear of any encumbrance and the public shall have free, unrestricted and unimpeded access thereto at all times.
11. All necessary measures shall be taken by the proponent to avoid any impact on the surrounding marine biota in the lagoon. Double layered geotextile screens of appropriate mesh size shall be installed around the work area to prevent sediment entrainment into other areas of the lagoon. The geotextile screens shall be maintained regularly to prevent any clogging.
12. In case of any negative impact caused to the marine environment, the proponent shall at his own cost, redress the harm caused to the complete satisfaction of Ministry of Environment, Sustainable Development and

Disaster and Beach Management and the Ministry of Ocean Economy, Marine Resources, Fisheries, Shipping and Outer Islands.

13. The proponent shall resolve any conflict that may arise with the coastal users including fishermen of the region prior to, during and after the implementation of the project.
14. Necessary measures shall be taken during all phases of the project so as not to cause any nuisance to the public and surrounding environment.
15. The Director reserves the right to request for submissions and to impose additional conditions.
16. Any proposed deviation shall be subject to an application to the Director of Environment. No deviation or part thereof shall be executed prior to the determination of the application by the Director.
