Contents

- Non-Technical Summary. 3
- Chapter 1 Project Background..... 4
 - 1.1 Historical Review. 4
 - 1.2 Proposed Remedial Work..... 6
 - 1.2.1 Brief Description 6
 - 1.2.2 Justification..... 7
 - 1.3 Legal & Regulatory Framework 7
 - 1.3.1 Environmental Protection Act (2002)..... 7
- Chapter 2 Site and Project Description..... 8
 - 2.1 Site Description for Grand Courant Channel. 8
 - 2.2 Project description 11
 - 2.2.1 Technical details for Grand Courant Channel 11
 - 2.2.2 Methodology for Sand Excavation. 12
 - 2.2.3 Sand Excavates from Grand Courant Channel 12
 - 2.2.4 Proposed Works Implementation Schedule..... 13
 - 2.2.5 Closure..... 14
- Chapter 3 Project baseline Data 15
 - 3.1 Bathymetry 15
 - 3.2 Water Quality Analysis 15
 - 3.3 Sedimentology 16
 - 3.3.1 Sand Transit Mechanism 16
 - 3.3.2 Granulometry..... 16
 - 3.4 Environmental Sensitivity and Ecological Survey 17
 - 3.5 Current Speed & Analysis. 18
- Chapter 4 Impact Management & Mitigation Measures 19
 - 4.1 Foreword and Environmental Impact matrix..... 19
 - 4.2 Disturbance to Benthic Organism..... 19
 - 4.3 Positive Impacts..... 19
 - 4.4 Alternatives 24
- Chapter 5 Environmental Monitoring Plan. 25
 - 5.1 Justification of Monitoring Plan and Maintenance Dredging..... 25

5.2 Scope of Works	25
5.3 Location of Sand Removal Works and stockpile.....	25
5.4 Volume of sand to be removed	25
5.5 Equipment to be Employed on Site	26
5.6 Methodology for the Works	26
5.7 Environmental Impact of Continuous Maintenance Dredging.....	26
Chapter 6 Conclusion and Recommendations	27
Apendices.	28
Appendix A. Site Location Plan	28
Appendix A1. Bathymetry of Grand Courant Channel July 2012	29
Appendix A2. Bathymetry of Grand Courant Channel October 2012	30
Appendix A3. Bathymetry of Grand Courant Channel March 2014	31
Appendix A4. Bathymetry of Grand Courant Channel April 2018.....	32
Appendix A5. Proposed new Bathymetry Layout after Dredging.	33
Appendix A6. Overlay of Channel Bathymetry as at April 2018 & Proposed new channel layout.	34
.....	34
Appendix B. Grand Courant Channel Cross-section	35
Appendix C. Disposal Site Location.....	36
Supporting Documents.....	37
