

CONTENTS

1	<u>EXECUTIVE SUMMARY</u>	4
1.1	Introduction	4
1.2	Environmental framework	4
1.3	Baseline Environment	4
1.4	Project description	4
1.5	Identification of Impact of works on the environment and mitigating measures	5
1.6	Environment Monitoring Plan	6
1.7	Public consultation	6
1.8	Conclusion	6
2	<u>INTRODUCTION</u>	7
2.1	The promoter	7
2.2	The project team	7
2.3	Cause of erosion	7
2.4	Description of proposed works	7
3	<u>ENVIRONMENTAL FRAMEWORK IN MAURITIUS</u>	9
3.1	The Environmental Protection Act 2002	9
3.2	Other main applicable legislations and policies	9
3.3	International Treaties and Agreements	11
4	<u>BASELINE ENVIRONMENT</u>	12
4.1	Introduction	13
4.2	Biological and geomorphologic study of the Saint Felix lagoon	15
4.3	Ecological and sensitivity value of the study zone	24
4.4	Bathymetric study	27
4.5	Lagoon use	31
4.6	Study of hydrodynamic context of lagoon of Saint Felix	31
4.7	Conclusion and further recommendations	36

5	<u>PROJECT DESCRIPTION</u> -----	39
	5.1 Scope of works-----	39
	5.2 Removing of present infrastructures-----	41
	5.3 Beach bed works and beach recharge-----	41
	5.4 Tracking way-----	43
	5.5 Modeling of present and future Saint Felix public beach-----	43
	5.6 Method statement-----	49
6	<u>PREDICTED ENVIRONMENTAL IMPACTS AND MITIGATION MEASURES DURING THE BEACH REHABILITATION WORKS</u> -----	52
	6.1 Identification of critical points-----	52
	6.2 Impacts during the works-----	52
	6.3 Impacts quantification before mitigation measures-----	53
	6.4 Mitigation measures-----	54
	6.5 Impacts quantification after mitigation measures-----	56
7	<u>ENVIRONMENTAL MONITORING PLAN</u> -----	57
	7.1 The Environmental Monitoring Plan (EMP)-----	57
	7.2 EMP during the rehabilitation works-----	57
	7.3 EMP at operation phase-----	58
	7.4 Climate change effect-----	58
	7.5 Contact details-----	58
8	<u>CONCLUSION</u> -----	61
9	<u>APPENDIXES</u> -----	62
	<u>Appendix 1</u> : Public consultation. Notes of meeting. Beach Authority of Mauritius-----	62
	<u>Appendix 2</u> : Site location and land topography-----	63
	<u>Appendix 3</u> : Meteorological conditions during the field exploration-----	64
	<u>Appendix 4</u> : Tidal chart during the field and survey exploration period-----	65
	<u>Appendix 5</u> : Inventory of the species found in the lagoon-----	67

	Appendix 6: The maps-----	69
10	REFERENCES -----	71
	Bibliography/Websites	
	APPENDIX A: Consultants and companies profiles-----	73
	APPENDIX B: Granulometry of sand-----	85
